School Counselor

PBIS Topic of the Month:

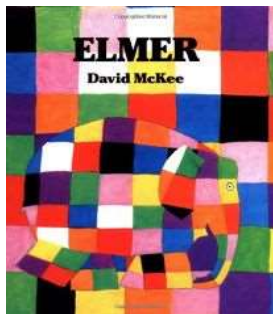

ACCEPTANCE

Question: Ask your children if they respect differences and honor their own uniqueness.

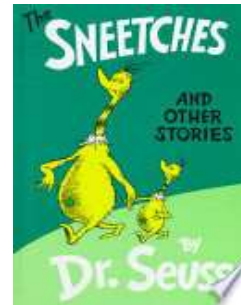

LIKE PIECES OF A PUZZLE, WE ALL FIT TOGETHER –
During March, we will be adding puzzle pieces to this board about our uniqueness's.

PBIS Lessons: Grades K & 1

During the K & 1st grade PBIS lessons, we read the book, *Elmer* by David McKee. This book teaches a valuable lesson about how everybody is different and that's what makes us all special. In the story, Elmer covered his colorful patches to blend-in, then realized how dull he felt. We completed an "I am special because..." worksheet.

PBIS Lessons: Grades 2 & 3

During the 2nd & 3rd grade PBIS lessons, we read the book, *The Sneetches* by Dr. Seuss. This book teaches a valuable lesson about how Sneetches learn to overlook their differences and be happy in their own skin. We played a plain belly Vs star belly game and answered questions about diversity and acceptance.

PBIS Lessons: Grades 4 & 5

During the 4th & 5th grade PBIS lessons, we completed a PowerPoint lesson called, *Cloudy with a Chance of Diversity*. The PowerPoint helps students better understand diversity, identity, and the importance of honoring their own uniqueness. We ended with a question and answer session about acceptance.

NEXT MONTH: HELPING OUT !
