Please read the following policy and sign below:

BOARD OF EDUCATION POLICY ON ADMISSION OF NON-RESIDENT STUDENTS

The Board of Education reserves the right to admit non-resident students; non-resident students are those that reside outside the school district. Any questions concerning residency will be determined in accordance with New York statutes and precedents established by decisions of the Commissioner of Education. The district can ask for proof of guardianship in questionable situations. Decisions to accept non-residents will be based on an annual application and interview process.

Upon receipt of applications, principals will conduct interviews with prospective non-resident students and their parents. Based on the guidelines for acceptance, the principals will make recommendations to the Superintendent.

The tuition rate will be established annually by the Board of Education. Full payment for each year must be received before the student begins classes.

The Superintendent will develop guidelines concerning acceptance of non-residents. The following factors will be considered in accepting non-residents:

1. The size of the faculty or staff that is necessary to accommodate the student(s);
2. Class size;
3. Previous enrollment; and
4. The order in which the applications are received.

Other factors may also be considered.

I have read and understand the Board of Education policy on Non-Resident Students. I hereby swear that the above application has been completed truthfully and accurately to the best of my knowledge.
